

## **Taskforce Demonstration & Implementation**

Taskforce Demonstration & Implementation is responsible for identifying and implementing 10-12 demonstration projects as quickly and effectively as possible in order to facilitate the wide-scale deployment of CCS in Europe and beyond.

This includes implementing the following tasks:

- |   |
|---|
| <ol style="list-style-type: none"><li>1 Organise and finance demonstration projects<ol style="list-style-type: none"><li>1.1 Define process for specifying the 10 -12 demo projects, incl. choice of technology, location and contractors</li><li>1.2 Initiate projects in eastern &amp; southern Europe, India &amp; China, if possible</li><li>1.3 Map the need for additional finance of these demonstration projects</li><li>1.4 Initiate public-private-partnership(s) to ensure adequate funding</li><li>1.5 Establish cooperation between industrial partners for sharing knowledge/experiences and reducing costs.</li><li>1.6 Clarify cost estimates of technology</li><li>1.7 Assess project models, e.g. Mongstad</li></ol></li><li>2 Disseminate the knowledge<ol style="list-style-type: none"><li>2.1 Ensure close cooperation, facilitate a discussion by organising events</li><li>2.2 Communicate best practice</li></ol></li><li>3 Map regulatory problems, e.g.<ol style="list-style-type: none"><li>3.1 Develop a framework for the risk analysis of CCS projects</li><li>3.2 Map existing legal barriers to CCS projects</li></ol></li></ol> |
|---|

N.B. The revision of the regulatory framework should be done in close cooperation with Taskforce Policy and Regulation.
